Review

In this third installment in the popular Fish! series, the authors examine change as a necessary, ongoing process that should never stop--at least not if one wants to keep the workplace vital and fully alive. Using a fictitious sushi restaurant as an example, this fable examines the three principles that Lundin, Christensen, and Paul believe are necessary for continuing success: Find it ("It" being each employee's personal vision of the business), Live it, and Coach it. Readers of the authors' previous books--Fish! and Fish! Tales--should find its familiarity comforting. For those new to the series, this standalone volume is easy to read and highly valuable. *About the Author*

Stephen C. Lundin is a writer and filmmaker with a background in business, management, and education. His bestselling book "FISH!" has appeared continuously on the "Wall Street Journal" and "BusinessWeek" bestseller lists, and has been published in 34 languages.
