Patrice Pouillard, Jacques Grimault

AWAYAN Book - Giza 2005 + DVD Giza 2005 NTSC 16/9 •SEE IT ON YOUTUBE : <https://www.youtube.com/watch?v=3lPoCfG88NI> •GIZA 2005, THE MOVIE : <https://youtu.be/dLVqCelaoJo> •This book is complemented by a DVD, so as to allow you to go deeper on the subject and gain some knowledge on the matter. With unprecedented photos, this book focuses on the remarkable and intriguing aspects of some of the buildings in Egypt, in order to provide some knowledge and material for those looking to understand this enigma. The movie presents in parallel to exceptional images of Egyptian sites barely known (Abu Ghurab and Abousir), an insider visit of the Great Pyramid as well as of the Gizeh site (with the famous Temple of the Valley). Not yet the sequel of my movie LRDP, but you will discover the face of my mysterious 'informant', if you missed out on the few interviews on the net - who will speak on his approach, his methods and responds in details to some of the criticism that could appear founded, were we not to spend some time to analyse them in details. This is an original voyage that we propose, voyage that will change you, as your beliefs - what we usually believe in without any direct proofs - will be greatly tested. If you accept the invitation, you will discover facts that are usually ignored, or even disregarded, as they cannot be incorporated into the idea we have of the past of our Planet.... But, as Aldous Huxley, famous author of the book 'Brave New World', rightly said, 'even ignored, facts remain facts'. We do invite you to look at rational answers to these enigmas of our past, the most complex being the Great Pyramid of Gizeh. Take a dive at the heart of this discovery and rest assured about one thing: you never look at Egypt the same EYE
